

APPG on Fair Business Banking: Complete list of funding 2015 - June 2019

The APPG on Fair Business Banking is a platform through which businesses, professionals and trade bodies can discuss issues regarding commercial banking and its role in the life cycle of a business, and through which parliamentarians can access information on banking, finance and related issues, including business rescue and insolvency, on behalf of constituents. As a cross-party group, the APPG is an effective vehicle to effect meaningful change via the Parliamentary system. The Group's status is that of an APPG is bound by the rules set out by [The Office of the Parliamentary Commissioner for Standards](#). It does not have charitable status, or official status in the House, nor is it funded by Parliament. It relies wholly on the participation and contribution of parliamentarians, industry members and stakeholders committed to creating a strong platform for business in the UK to thrive. The APPG is co-ordinated and administered via the APPG on Fair Business Banking Secretariat, the FBB Foundation.

All funding is received by the FBB Foundation and is then paid to the APPG on Fair Business Banking in the form of 'Benefits in Kind', listed on the [Group's public register](#). These 'Benefits' are the wages and general running costs of the APPG.
